SAFE STRIPPER

TECHNICAL INFORMATION

Product Description:

Safe Stripper is a user friendly safe to use acrylic floor stripper. It is water soluble and there are no offensive odours

Features + Benefits:

- Strips all of Spirit's floor coatings
- Safe to use
- Excellent for removing paint & glues
- Does NOT contain Acids
- Nonflammable/ No fumes
- Most effective when used in conjunction with Spirit H.D.C

Where to use:

- All natural stone surfaces such as: Granite, sandstone, Quartz, limestone & marble
- Ceramic tiles & porcelain tiles
- Concrete & Clay pavers

Method of application:

1. First sweep tiles to remove all soil and debris
2. Apply Safe Stripper neat from the container to the floor to be stripped. Allow to stand for 15-30 minutes. Test the floor to ensure Safe Stripper has softened the existing seal.
3. Mix Spirit H.D.C. 8 parts water to 1 part H.D.C. in warm water apply to a small area of the floor and scrub vigorously.
4. Remove slurry and rinse. If the old seal has not been removed repeat the process. After complete removal of old seal, rinse the floor at least with clean water.

Available sizes:

1lt, 4lt Bottle & 25lt Drums
