

PREMIUM AEROSOL GROUT SEALER

Technical Data Sheet

Product Description

A solvent based penetrating (impregnating) natural look sealer for porous grout joints. This is our famous Premium Seal in a can!

Water-based	Penetrating (impregnating) Sealer	Can be used in wet areas (showers & water features)	Can be used on polished surfaces	Can be used internally or externally
NO	YES	YES	YES*	BOTH
Allows Moisture Vapour Transmission	Repels Oil & Water	Alters appearance	Alter slip resistance	Can be used prior to grouting
YES	YES	NO	NO	NO

*Excess sealer should be wiped off tiles during the sealing process.

Where to Use

Internal & external porous grout joints.

- Shower cubicles
- Kitchen & laundry splashbacks
- Terracotta garden statues

Where NOT to Use it

- Non porous epoxy or resin based modified grout joints.

Expected Wear

Will last up to 5 years in ideal conditions. Areas that are considered high traffic will need more regular sealing. As an example, a shower cubicle would benefit from annual sealing, outside of the shower will need less regular application.

Coverage

Coverage will depend on the porosity of the grout joints and the temperature at the time of sealing. Approximate coverage allows for 2 coats and is as follows:

Standard grout joints 1.5mm – 3mm – 60-150 linear metres

Available Size:

300gr Aerosol Can
